LA RONGE AND AREA MUSIC FESTIVAL ADDENDUM

2026

Protocols of La Ronge and Area Music Festival

Participating in a music festival can be an enriching experience for music students. They have the opportunity to perform pieces they have worked hard to learn before an appreciative audience, and they get valuable feedback from the adjudicator. The following information is designed to assist teachers in making appropriate selections and preparing students for the festival.

Festival Dates

The 2026 La Ronge and Area Music Festival will be held March 16th to March 19th.

Registration

1) Registration will be done *online*. It is very important that you *accurately* fill in all information required. Please use the online link: https://forms.gle/AQyNFNdTPwFD28Nm8

2) All songs entered in the music festival must be entered by the registration date. **No late entries can be accepted and the online registration will not accept any forms after the deadline has passed. Organization of registration is done immediately upon closing and typing of the program begins immediately after. This due date is very important to the flow and organization of our program.** In general, the due date for forms is the first Friday in February. For the 2026 Music Festival, forms should be completed by February 6th, 2026.

3) When using this addendum, note that the class number, type, name, and age group are listed. Classes that are underlined are non-competitive. The committee reserves the right to combine classes when appropriate. The teacher and student will always be informed if that becomes necessary.

4) If you have a special entry that does not seem to fit with the syllabus, you may make a request by emailing larongemusicfestival@gmail.com. This only applies if there are no possible options within the existing syllabus. This needs to be considered when selecting festival pieces.

5) The Programming Committee reserves the right to combine classes. You will be notified if the class you chose needs to be changed.

Music

1) You must provide a legal copy of the music for the adjudicator for all entries in the vocal and classical sections of the festival. You do not need to provide music for the arranged piano section.

2) If students or accompanists require music, they *cannot* use photocopied music. Only legal, copyrighted music can be present at the festival.

3) Voice competitors should arrange for live accompaniment. School groups may use recorded music. NOTE: For 2026, the festival will provide a professional accompanist at music festival for a $20/song. This service is not guaranteed every

year but will continue as long as it is fiscally reasonable. A link for registration will be emailed out in early January.

Performer Etiquette

Teachers, please review these expectations with your students.

1) Performers are expected to dress in a formal fashion. Shoes are required.
2) Performers need to bow after a performance. It is a sign of respect to the listeners.
3) Performers should be coached on proper behaviour when other competitors are performing. They should listen attentively, and not, in any way, distract the performers.

Certificates & Medals

All performers will receive participation certificates. For large groups, one certificate may be provided for the group. All performers in non-competitive categories will be awarded participation medals. In competitive categories, gold, silver and bronze medals are awarded at the discretion of the adjudicator.

Scholarship Criteria

A variety of scholarships are awarded each year. These may vary according to the financial donations the festival receives and the number of competitors.

1) All regular scholarships and multidisciplinary scholarships are determined by the average of a participant's top 2 marks in festival. Committee members are *not* involved in determining any of these scholarships.
2) In order to be eligible for a regular scholarship, students must be entered in two entries in any discipline to qualify. The entries must be within the same discipline. Disciplines are considered as follows: (1) arranged piano, (2) classical piano, and (3) voice.
3) Multidisciplinary scholarships are available to students who enter a song into more than one of the following: arranged piano, classical piano, voice.
4) Canadian Composers Scholarships may be awarded to one or two deserving competitors who perform music by a Canadian composer. This scholarship is chosen by the adjudicator based on competitor marks.
5) Adjudicator's Choice awards are chosen by the adjudicator. There is no set criterium.
6) Best in Festival scholarship will be chosen by the adjudicators.
7) Teacher's Choice awards are chosen by the teacher. There is no set criterium but you must teach a minimum of 5 students to be eligible. If you, as a teacher, would like to award one or more $50 scholarships to your students, speak to the Festival Committee.

Outstanding Performances Concert

The festival concludes with a concert and the presentation of scholarships. A team of festival committee members invites a limited number of participants to provide a sampling of the variety of performances heard throughout the festival. On the day of the concert, teachers may be asked to contact selected performers to confirm their attendance.
